OBITUARY

William Clark Grimes was born in Pocahontas county, W. Va., on May 5, 1838, and departed this life at the home of his daughter, Mrs. George Cavett, in Warren township, on June 17, 1921 aged 82 years, 1 month and 12 days. His parents were James and Mary L. Grimes. He was the last of a family of eight children to pass on.

On Feb. 23, 1860, he was united in marriage to Eleanor C. Welford. To them ten children were born, two of whom died in infancy, and one son Granville R. died in young manhood. Those surviving are Mrs. Emma Foster, Mrs. Estes Shore, Mrs. Belle Cavett, and Mrs. Zephine Agan, all of Lucas county; W. O. Grimes and Mrs. Alverda Hancock, of Marion county; and M. S. Grimes of Crystal Springs, Kansas. He is also survived by 22 grandchildren and two great grandchildren. Deceased was patriotic and loyal to his country and when he felt that he was needed to maintain her honor he bade goodbye to his young wife and two small children and volunteered to serve his country. He served in Company I, 3rd W. Va. Cavalry. In the fall of 1871 he left his native state and moved his family by wagon route to Iowa where he lived until 1918, when his companion left him to mourn her loss, and he has since lived with his children. He was converted in the winter of 1873 and was a charter member of the Coal Glen church, helping in the building of the present church, and he always had her interests at heart, and was ever a regular attendant at the church services until his feeble health forbade.

An eulogy of his life would be a waste of words for he has lived in this county for 49 years and his clean upright godly life speaks for itself. At a ripe old age he has gone to his rest. The sorrowing children and other relatives will have the sympathy of innumerable friends in their grief.

Largely attended funeral services, conducted by Rev. Duncan, of Columbia, were held at the Coal Glen church in Pleasant township on Sunday forenoon, June 19 at 11 o'clock, after which the remains were laid to rest in the Coal Glen cemetery.

TRUSTEE'S SALE OF LAND

Pursuant to authority vested in me by a deed of trust dated on the 1st day of September, 1906, executed by Edgar I. Sharp and Mary M. Sharp, his wife, to Andrew Price, Trustee, to secure the Bank of Marlinton in the payment of a note of \$3,000.00, which deed is of record in the office of the clerk of the county court of Pocahontas County, West Virginia, in trust deed book number 11 at page 216, and default having been made in the payment of said note, and being requested so to do by the party secured, I will on

MONDAY, AUGUST 15, 1921, commencing at 1 o'clock p. m., at the front door of the court house of said county, in the town of Marlinton, West Virginia, proceed to sell at public auction to the highest bidder, the following described real estate situate in said county and described as follows:

1. The home farm of the said Edgar I. Sharp and wife, situate in Edray District, on the road between Marlinton and Warwick, containing 84 acres, being composed of two tracts of 33 and 51 acres respectively, being the land conveyed to the said Mary M. Sharp by deed from James Gibson of record in said county in deed book number 31 page 19.

2. A tract of land situate in the fork of the road from Marlinton to Warwick and the Wilfong road, a part of the Levi Gay land, containing 60 acres, being the same land conveyed to the said Mary M. Sharp by the Campbell Lumber Co. by deed dated January 25, 1908, of record in said county in deed book number 42 page 91.

3. The undivided one half interest belonging to the said Mary M. Sharp in the remainder in a boundary of land after the expiration of the life interest of Paul Sharp and E. J. Sharp in the lands known as the Paul Sharp lands on Greenbrier River at Harter, as shown by a deed from Jacob W. Sharp to Paul Sharp and others, dated February 6, 1896, of record in said county in deed book 26 at page 304, originally containing 1053 acres in three tracts of 7, 136 and 911 acres respectively, less three tracts sold John T. McGraw of 100, 123, and . . . acres, see deed book in said county number 28 page 95; less 13 1-4 acres sold W. J. Harter and others, see deed book number 40 page 190; less 42 acres sold W. J. and A. M. Harter, see deed book 49 page 76.

Terms of Sale: Cash.
ANDREW PRICE, Trustee

Before deciding on your next tire have your dealer show you cross-sections of the various makes you are considering—so that you can measure the total thickness of the rubber and fabric used in building up the various makes.

You will find that Michelin tires embody more of these in-league-giving materials. In the 34x4 Michelin Universal, for example, there is a solid though flexible mass of wear-resisting rubber and fabric almost an inch thick.

Every bit of the materials used is of the highest quality. Yet Michelin's are moderate in price.

Mr. Farmer: Have you money to burn? If not, stop burning it. Figures provided by the National Board of Fire Underwriters show that 38,266 fires occurred in the farm buildings in the United States in 1918. This does not include uninsured buildings nor losses in Mutual insurance companies. The total loss to farmers was \$18,166,701. Nearly seventy percent was preventable. This simply means that American farmers burned up in one year \$12,111,399 or \$34,375 each day 1 the year which could have been prevented. \$19,820 of the above fires were caused by lightning or 51 per cent. The National Board of Fire Underwriters state that exactly 100 per cent of fires occurred in unrodded buildings. Not one cent of loss was shown on properly rodded buildings. Why run the risk? You cannot afford not to have your buildings protected. I have been erecting lightning rods on buildings for 23 years and there has never been a building injured that I have rodded. I give the St. Louis Lightning Rod Company's guarantee with each job—agreeing to pay back the cost of the job if the building is injured by lightning.
